## Caprin-EZ Pickups

**The easiest appetizer you'll ever make is this variation on the classic Insalata Caprese. At Caprikorn Farms, we often replace mozzarella with our raw goat Gouda for an additional "kick" of flavor.**

Caprikorn Farms Raw Goat Gouda, cut into 1" cubes

Cherry tomatoes, washed, rinsed and dried – use a combination of reds and yellows for a colorful plate

Fresh basil, separated into leaves that are roughly the size of the cherry tomatoes and cheese cubes

Balsamic vinegar in a spray bottle

Toothpicks or frilled picks

Pretty serving plate

Skewer a tomato onto the pick, then a basil leaf and stick the tip of the pick into the Gouda cube. Place it on a plate. Repeat until you've used all the cheese, tomatoes and basil. Spritz with a little Balsamic Vinegar and serve immediately.
